

Signature Floorboards™ Pre-finished, 3-Layer, Engineered Hardwood Floating Floor Specification Sheet

OVERVIEW

Professional series, tongue & groove Signature Floorboards™ consist of three perfectly formed layers of wood, glued in a manner as to prevent swelling and/or shrinking.

DIMENSIONS OF EACH FLOORBOARD:

Length: 86 1/2" Width: 7 1/2" Height: 9/16"

APPLICATION:

Floating, Glue-down, Staple-down

THE TOP LAYER

Thickness: 1/6"

The top layer is made of deciduous wood such as oak, maple, beech, etc. 1/6" thick layer allows restoration by refinishing 2 or 3 times if necessary.

THE MIDDLE LAYER

The middle layer is made of spruce, pine or similar coniferous wood. It is formed of narrow 1" long and 1/3" wide tabs.

THE BOTTOM LAYER

The bottom layer is made of poplar, alder, aspen or pine and it's primary function is to compensate the tension in the upper layers.

FACTORY FINISH

Stain free, natural finish combines exclusive 6 coats of acrylic lacquer with aluminum oxide, 5 coats are UV-hardened. The lacquers used are environmentally safe and non-allergenic.

CLASSES

STANDARD: Rift & Quarter saw, clear wood with planks of slightly different shades, mostly knotless, with possible single pin-knots
NATURAL: wood with planks of different shades and occasional small pin-knots
RUSTIC: wood with random planks, variety of shades and small closed knots

PACKAGING

Commercial heavy-duty plastic, vacuum sealed, 35.95 sq. feet per box

ENVIRONMENTALLY SAFE

Signature Floorboards™ are environmentally safe. All lacquers and glues used in the manufacturing process are free from harmful chemicals such as formaldehyde and isocyanate.

Signature Floorboards™ are available in 3-Strip or Single Strip layout.

Single Strip is available factory pre-finished or unfinished.

QUALITY CERTIFICATION: ISO 9002

WARRANTY

25 Year Limited Residential Warranty
